

Investing for Success

Under this agreement for 2022
Yungaburra State School will receive

\$76,575*

This funding will be used to

- Continue to improve student learning outcomes and student wellbeing through embedding our Positive Education Framework throughout our school.
- Improve teacher capability and understanding of the whole school approach to pedagogy and effective pedagogical practices.
- Improve teacher capability through focused coaching and professional development to improve student outcomes.
- Promote parent and community engagement and partnerships.

Our initiatives include

- Building Teacher capability to make informed pedagogical decisions, catering to the needs of all learners, with a focus on our high achieving students.
- Establish and embed effective school processes and practices of coaching and mentoring; available to all staff.
- Establish and embed a systematic synthetic phonic approach to teaching reading.

Our school will improve student outcomes by

| Action | Approximate Cost |
|--|------------------|
| Engage additional teacher aides to further support differentiated practices. | \$20 765 |
| Undertake targeted professional development to further develop the capability of school staff in alignment with school improvement priorities. | \$14 500 |
| Invest in additional teacher allocation to facilitate coaching and mentoring of teaching staff. | \$30 000 |
| Systematic synthetic phonics professional learning. | \$3 000 |
| Resources to support a systematic synthetic phonic approach to reading. | \$4 590 |
| Reading for life professional development. | \$3 720 |
